

QUALITY POLICY.

The Quality Assurance system in Welcon A/S is certified according to ISO 9001:2008. Furthermore, we are in possession of EN 3834-2.

Quality Policy of Welcon A/S:

An important prerequisite for success for Welcon A/S is that our products and services always meet or exceed the expectations and requirements of our customers. In order to be one of the most preferred suppliers among our customers, and to continuously develop our leading position in the business, we have set a range of operational quality objectives.

We set high standards for ourselves in providing high level quality products and services to our customers. The customer perception of our high quality standards should be in all aspects of the cooperation with Welcon A/S. We shall also be open for feed-back from our customers in ways we can improve our quality management system.

All employees must be introduced and trained, so they are knowledgeable and capable of performing the activities, they are responsible for in the company.

It is a part of the quality policy of the company to conduct all tasks on a professional level and health and safety and environmental wise according to the applicable legislation.

To support the overall quality policy, Welcon pays attention to:

- Continuous improvements and development of the quality assurance system.
- Education and training of our employees.
- Continuous improvement of machinery and tools used.
- Detailed planning and optimization of internal and external resources.
- Improvement and optimization of processes to reduce costs and time-usage.
- Have a quality culture where it is valid to report mistakes and failures.
